I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Please Do not restrict my right to obtain medically necessary medications. It took me 3 years to finally find a solution I could live with that helped alleviate my menopause symptoms. One size fits all marketing is not individually medically sound. Don't allow large mega corporations to devour our choice!
